Regine Humanics Foundation Ltd: For A Better Human Condition For All Humanity Across Mother Earth

|| Tuesday: April 06: 2021: Munayem Mayenin || ᾰ. People say, time flies: so, it seems to do: Regine Humanics Foundation Ltd, having completed three years in its journey, today, begins its fourth. But despite the saying that times seem to fly, capitalism is rottenly grounded in its poverty-paradigm; it does not shift a nano-centimetre off that rotten hole: it keeps on enforcing poverty, hunger, malnutrition and creating and increasing inequality and keeps on expanding and powering

its enslavement of the whole humanity in its poverty's desperate sociology of evil, sociology of squalor and in its great success of creating and enforcing a sociological hell on earth for the vast majority of humanity. It has not changed: what has changed is this: that the poor and the dispossessed have lost much during this pandemic suffering while all that they have lost have gone to the rich so that they have become richer by as much as the poor have lost. This is capitalism and let us state the obvious: that this news is not reported by The Garage Time, The Monstrosity Chronicle, The Hunger Gazette, The Poverty Economics Journal, Far Rot Hay-brain Economics Research or the Daily Nut-Not Fun Post or their Distorteddia outlets: why is this? This is because they are all owned by the Companies of the Club of the Millionaires, Billionaires and the New Trillionaires. And, so far they are concerned, humanity is living in heaven on earth. Watch all the rot and broadcast everything else but do not you dare speaking about poverty, hunger and malnutrition and the sociology of squalor.

We were in the capitalism's territory of language: there were millionaires. Capitalism kept on letting them rob off the wealth and values, created by the working humanity and the millionaires kept on getting richer so that the language had to improvise into calling them billionaires. They, these new billionaires kept on getting fatter as they kept on amassing the newly robbed wealth, the language now has to do it again: improvising: we are now in a territory where the world is heading to see the billionaires turning into trillionaires. While 880,000,000 human souls across the least developed countries of this world, that forms the vast majority of the countries of the world, struggle everyday with hunger, malnutrition and all-engulfing poverty, the same poverty, hunger and malnutrition ravage the lives of the poor or the dispossessed in the richest economies, such as, the United States of America, the United Kingdom, the entire band of countries in the European Union where they have cemented the same poverty's ugly face, behind the façade of all these declarations, protocols, directives, instruments and compacts etc as they like to call them and many other places where poverty-wage, punishment social security and destitution warrant have been enforced and made into invincible wall, that nothing could break.

The richest countries are where still exist hunger, malnutrition and poverty and they keep on raging across all spheres of life and existence and yet, none of it makes news: why is it the case that these high-cruelties, high-brutalities and high-barbarities do not make news? Because their owners are those millionaires and billionaires and trillionaires and the people they employ subscribe to the mythologies of capitalism and they do not know what poverty is: they do not know what hunger is: what hunger does to a baby inside its mother's womb, the mother, who suffers hunger, who suffers malnutrition, who suffers many other forms of deprivations.

They do not know what it feels like to have one's electricity and gas cut off? They do not know that, then, these souls can not have a bath. That they can not cook anything, that they might have because there is no power. They do not know what it feels like to stay in a rotten accommodation while their gas and electricity are cut and staying there in the cold, in the dark with their loved ones, shivering in the cold. They do not know what it is like to survive from one bill to the next? They do not know

how it feels like staying in the cold with the hungry folks. They do not know what it feels like to a disabled person, who has no one and his or her only human contact has been cut off. They do not know how it feels like to be thrown out onto the street? They do not know how it feels like being the parents with little ones, sent out from the local housing office, to go and get lost because the local council could not do anything for them.

They do not know what it feels like, having bought homes with mortgages, that eat away most of the income, so that they can not fix the house so that millions are living in those rotten homes, that are a prison sentence to their dwellers and they do not have the means to get them fixed: so that keep staying in unheated homes, half heated homes, where the water does not work, the window is broken and the drought keeps on fanning a hell. They do not know any of this but they keep on spreading the myths of home ownership!

They do not know what it feels like to live on, what they call, 'generous benefit or social security', because they have never seen or experienced it. They do not know what it feels like to work and still being left to suffer hunger and malnutrition. They do not know, these people running these rich people's outlets, these politicians and these economists and these social theorists, do not know nor do they have any clue as to what it feels like to be erased away, destroyed into dust, what each such soul is going through in this sociological hell, that capitalism has enforced over the world, over the vast majority of this entire humanity, where out of the seven billion, about three billion still do not have clean water and sanitation or, even, means to wash their hands. They do not know what it feels like for desperate humanity to look for food for one's children in the dustbins in this very world. They do not know what it feels like for desperate humanity to bring in rotten meat to feed their loved ones with that poisonous meat! They do not know. Let them not dare pretending that they do!

This is the brutal, barbaric, cruel and monstrous a world capitalism has enforced over the whole world. The richest of countries is the best examples of such horrors and yet these do not make news. Everything is normalised: all these things are ingrained into everything and everyone goes about, as, if, people in capitalism are living in paradise. Why not: there are the distorted media and you keep watching and logging on and broadcast yourself or watch others while everything falls apart; while hunger goes on; malnutrition goes on: rough-sleeping goes on; poverty-wage keeps on going; poverty-social security goes on: destitution-warrant goes on: homelessness goes on: education is kept gated and where the gates are open for certain periods of human life, the quality of it keeps on getting lower and lower; yet, nothing of it makes news. No change is sought or asked for. The voices, that are meant to be speaking for workers and the poor are robbed off so that they become organs of the establishment, that, too, was supposed to be workers' parties or groups. Its leaders come and go and with them goes the worker with the enforcement notice: enslavement into poverty-wage keeps on going. No workers' bodies or agencies make a noise because they exist to channel their members' subscriptions money to particular political parties, who take it and forget about the workers and their leaders pretend that they are going for talk shows and takes the view

that their job is to get 'made up' for the show! Let them not dare pretend that they understand what capitalism is and what poverty, hunger, malnutrition and sociology of squalor and sociology of evil is.

This is not the whole of it: capitalism has been turned into pseudonomics and it has created far more serious problems than just poverty, hunger and malnutrition and all the rest but it has begun to destroy the earth, the cradle of life and existence; global warming and climate change is leading the whole life towards the end. The environmental degradation, toxification of all forms of the environment and the pollutions, what can you name: the air, the soil, the water of all kinds with chemical, with waste, such as, plastic waste and much more. All that have devastated the ecology, the bio-diversity is threatened, species are disappearing faster than we can manage to register and finally this pandemic has shown that the world humanity has been brought to a stage, where we are seeing that humanity, that has the money and powers, have declared their 'divine right' to protect themselves while the poor parts of the world, the poor parts of humanity are left outside the protection of the vaccines!

This world, this human existence and this human condition can not be sustained. It is time the world's humanity understands and accepts it and begin to work for and bring about change. Do not expect the rich people's outlets, The Garage Time, The Monstrosity Chronicle, The Hunger Gazette, The Poverty Economics Journal, Far Rot Hay-brain Economics Research or the Daily Nut-Not Fun Post or their Distorteddia outlets are going to bring about change to liberate poverty-wage workers, the poor, the dispossessed. They are not going to do that. It is time to bring an end to capitalism and all its high-cruelties, high-barbarities and high-brutalities. It is time for change: for a new world political movement to get humanity beyond capitalism, to get humanity to liberty and equality and out and away from the sociology of squalors and the sociology of evil and onto a world and existence where poverty, hunger and malnutrition and all other evils, that capitalism creates, distributes and enforces do not ruin human existence. It is time for change: it is time to declare the status-quo complicity mechanism dead and begin again: to change this rotten world into a far better one for all humanity across the mother earth. And, to change the world, humanity needs voices demanding that change: that Regine Group of Publications are such voices: The Humanion Portable Daily is such a voice, that we are seeking to keep on taking forward. Support the Foundation: Support Regine Group of Publications: Support The Humanion Portable Daily because The Garage Time, The Monstrosity Chronicle, The Hunger Gazette, The Poverty Economics Journal, Far Rot Hay-brain Economics Research or the Daily Nut-Not Fun Post or their Distorteddia outlets are not going to bring change to take the dispossessed to a better world because to them capitalism is 'the best world' only where they can create a 'paradise' for themselves while sentencing the rest of the entire humanity into a sociological hell: humanics has rejected that: because an infinitely better world is possible; Regine Humanics Foundation Ltd shall keep on working for that world. There can not be any sustainability until and unless we take the view that sustainability comes as philosophical, political philosophical, political economical, ethical, moral, sociological, educational, jurisprudential, socio-cultural and ecological and humanical spiritual so that we are able to create a sustainable 'architecture' of existence in a clean, green, circular and sustainable political economics, that underpins all forms and expressions of sustainability and when such an 'architecture' exists within the Larin Paraske Maxim or Oath: Do No Harm to Anyone or Anything: all things and all living forms must have equitable status in the sphere of all existence or all life on earth, with an emphasis on the Universana. Because humanity does not just exist on earth but it does so in the Sunnara, in the Home Bay of the Milky Way Galaxy in the vast expanse of the Universe, our home Universana.

This Is the Body of Work, by Munayem Mayenin, That Has Brought Into Existence the Philosophy and Vision of Humanics

Dehumanisation of Humanity: Volume One: Published: July: 2007: 978-1-4477-1330-2

Mayenin worked and developed the very critique of capitalism and Marxism while at university in which he had envisioned the world's future in humanics for humanity to reach and achieve liberty and equality for all humanity, which capitalism has continually slaughtered and Marxism failed desperately, even, to understand, let alone, to know or show how to seek and achieve them. Some of these works were published in publications in the early 00s and the volume was published as a book in 2007. There are three other volumes of this planned work, yet to be published.

Humanics The Foundation: Volume One: Published: December 06: 2017: ISBN: 978-0-244-34575-4

This piece of work elaborated the philosophy of humanics and presented the idea of human enterprise and how it works to enable humanity to conduct the human economical endeavours in humanics.

Humanics The Humanicsonomics: Volume Two: Published: June 12: 2018: ISBN: 978-0-244-48334-0

This is the political economics or humanicsonomics of humanics in human enterprise. This volume presents the political economics of humanics and envisioned world's future as two distinct phases: pre-humanical or Kapitalawnomics phase in which capitalism is saved from pseudonomics and brought under the absolute and complete control and power of the rule of law so to make it serve the people at all times and not the rich and through this phase, humanity brings into existence the humanical Building-Block Foundational Human Rights and end capitalism's Poverty Paradigm, that causes all of the high-cruelties, high-brutalities and high-barbarities, that are inflicted on the vast number of humanity on this earth. Further to this, this work advances the system and mechanism of human enterprise and envisioned at the end of the development of Kapitalawnomics human societies will have developed enough to be able and equipped to try and seek to bring into existence humanical societies, that will begin to form a grid of humanical societies into a universal humanical civilisation on earth.

The Humanics Elleesium Declaration 2019: The Humanicsxian Manifesto: Published: April 06: 2019: ISBN: 978-0-244-76474-6

This short piece of work nano-summarised the entire body of Munayem Mayenin's works on humanics. This calls on the working humanity of the world to rise, organise and united under new and humanical political forces, parties and organisations to seek and try to bring about a humanical world movement to lead humanity to equality and liberty.

Humanics The Humanicsovics: Volume Three: To Be Published Later This Year

This volume presents the political philosophy of humanics and the means to deliver that political philosophy by and through humanicsovics, humanical direct form of democracy without party politics whereby each and every individual human being becomes his:her own High Representative and they all run their society's human affairs management together as individuals, working together as scientists and mathematicians without any political parties.

Alphansum Sovereign Necessarius: Published April 14: 2020: ISBN: 978-0-244-58241-8

Although, this large volume is of metaphysical work, it has brought the whole humanical universal view in a harmonious outlook, unifying all expressions, fields, areas and arenas of human existence and in this process this work elvioned the coming into existence the new branches of science, that has already been mentioned.

Laranska The Anatomy of Fear: Novel: Published: January 2009: ISBN: 978-1-4477-1426-2

No Man's Land's Bloom: Play: Published: May 2010: ISBN: 978-1-4477-0903-9

United Colours of Blood: Screenplay: Published: January 2009: ISBN: 978-1-4477-1615-0

Larantia Poetry of Anatophysiophilosophicamonimayareginata: A Magnum of a Planned Volume of 850 Sonnets About All Branches of Medicine: Currently Having Few Hundred Sonnets: First Published: October 14, 2016: ISBN: 978-1-326-28882-2

In his other major bodies of works, that are yet to be published Mayenin has worked on further in elaborating the psychology and social psychology of the zoohumanity, that capitalism and all the dehumanisations it has inflicted on humanity through its enforcement of inequality and the absence of liberty. These as yet unpublished works include: Psychology of Zoohuman, Humanical Jurisprudence, Sociology of Evil, Economics of Squalors: The High-Cruelties High-Brutalities and High-Barbarities of Capitalism, Humanical Moral Science, Social Morality Or Good State, Humanical Civilisation: A Universal Grid of Humanical Societies and Colossus Complexus: Eternally Learning Humanity.

|| Humanity Will Continue to Live an Inferior Life Than What is Possible Until the Two Halves, Women and Men, with All Individuals in Them, are Absolutely, Fundamentally and Jubilantly Equal at Liberty. In Other Words, There Can Not Exist Liberty Unless There Exists Equality Between and Among All Humans and This State of Equality Can Not Come to Exist So Long There Remain Two Groups of Humans: The Powerful and The Powerless: Whereby the Former Controls the Later and Creates, Maintains and Carries Forward the Perpetual State of Inequality: Economically, Politically, Judicially, Constitutionally, Socially, Culturally and Spiritually. The world has, apparently, accepted that Capitalism is the High Pinnacle of All Systems and, some still dream that Marxism will rescue humanity from this Killing Mechanism Capitalism, we refuse to subscribe to that. Humanics is the Post-Marxist and Post-Capitalistic World View of What Humanity can be and what it can do and how infinitely better a human condition can be created in a Humanical Society, by eradicating ownership and money and by establishing belongingship in

human enterprise, setting all humans at liberty and equality under the rule of law in natural justice with a direct form of democracy, humanics calls it, Humanicsovics, in which, each human soul is her:his own High Representative. In this, Humanics is the Minority Vision and we do not and can not expect millions and billions of people supporting our vision today but We Whole-Heartedly Believe That ONE DAY This Humanity Shall BE ALL HUMANICAL: By When: We Know Not But This: That Being a Monstrous Killing Mechanism Capitalism IS Unsustainable: The World Shall Change One Day and Every Change Begins with an Idea, with a Vision:

We invite you to Envision the Vision and Philosophy of Humanics and Support The Humanion, The Humanion Portable Daily, The Humanion Larnaarch and The Foundation to Keep Taking Forward the Vision and Philosophy of Humanics, to Keep on Challenging Capitalism's Poverty Paradigm, for an Infinitely Better Humanity in an Infinitely Better Human Condition for All Humanity Across Mother Earth. Because humanity does not just exist on earth but it does so in the Sunnara, in the Home Bay of the Milky Way Galaxy in the vast expanse of the Universe, our home Universana. Dear Reader, we are on the path of humanics, please, tell the world and world humanity that humanics has arrived on earth from 'the without of human imagination', learning, questioning and thoughts, gained from the eternal walks of this human soul's eternal journey on the eternal path of eternal learning, with its humanical metaphysics, humanical philosophy as natural science, humanical psychology, humanical political philosophy, humanical political economics, humanical jurisprudence, humanical sociology, humanical moral science and humanical arealism. For capitalism has created global warming and climate change and wracked the earth with environmental degradations and pollutions in all spheres, where bio-diversity is getting lost at an alarming rate as the earth keeps on being heated up. Humanity is devastated by capitalism's poverty-paradigm, delivering all its high-cruelties, high-brutalities and high-barbarities. This is why it is paramount that that we speak up and out and try our hardest to inspire faith, hope, determination and resolution among all humanity of this world, women and men, that

we shall not just accept this 'sentence of doom', that capitalism's mindless consumerism, infinite greed of infinite profiteering, decadent voguism and venomous voyeurism, orchestrated by the Distorteddia have brought us and, yet, that we can, we should, we ought, we must keep on trying: 'to seek to try: to do: to change: to make better the human condition' and we do so as one humanity, as women and men, working together as one, in unison with the same aim, same goal, same objective: to get all humanity to liberty, equality, fairness and justice in the rule of law in natural justice, with a purpose and meaning to our existence, where we all humanity, with our all-unity and all-diversity, exist as one humanity naturale on one Mother Earth, in one Sunnara, in one Home Bay Milky Way Galaxy in the one Universana with the humanical foundation of faith: humanity is an infinity unfolding itself, in which, we are all-for-one and one-for-all.
