The Sonnets to Orpheus: Rainer Maria Rilke

The machine is a threat to all we have won,
if it invades the spirit and fails to obey.
It's ousted handicraft's slower, lovelier way
with starker buildings, and harsher cutting of stone.

We *never* escape it — it never stays
in the factory, oily and self-possessed.
It's life itself, and thinks it knows best
because it impartially orders, creates and destroys.

But life is still magic for us; at hundreds
of places it is still origin. No one can know
this field of power and fail to kneel in wonder.

Before the unsayable, language still fades out . . .
And Music, choosing the most vibrating stones,
builds in unusable space her deified house.

Humanics In Two Distinct Phases: Pre-humanical Phase: Kapitalawnomics Humanical Phase: Human Enterprise and Humanicsovics

Humanics: All-For-One and One-For-All

The Long Walk to Humanics: Human Enterprise is an essential and elemental component of humanics or its political economics, which is an idea in which no one owns anything but everyone belongs to the whole as the whole belongs to everyone lawfully and equally and, it neither believes in nor makes money but human utilities, needs, aspirations, creativity, imagination and dreams are served without money, where everyone works and creates for others as others create and work for them, thus, bringing in meaning and purpose to life along with it come natural justice, equality and liberty, that establish a true civilisation. And in one word, this system of human affairs management or political economics is called Humanics and a society, that runs itself in humanics is called a humanical society. Humanics is the philosophy, that sees all humanity with all its oneness of unity and with all its diversity as one-whole-infinity of an ecology of goodness, as humanity naturale, endowed with infinite imagination, ingenuity and creativity, nanocromised in the finiteness of the human physiology and psyche and that are the elemental and inalienable characteristics of humanity, that reside in its core architectonics of human rationality, in whose architecture, mechanism, system and processes, as well as, their functioning and dysfunctioning we find ingrained the laws of not just morality but mathematics, logic, science and imagination , as well as, the sign-posting that tells us that there exist similar but in a far more mammothseismic magnitude

Humanity: An Infinity Unfolding Itself

Universal Laws by which the entire Delta of the Universe exist and perish by, which show us that being able to exercise the free will or choice is the highest of all its virtues and existential necessities and whereby it comes to find that without this ability to be able to exercise free will and conduct choice it can not remain humanity naturale and in order for it do reach such a state it must, therefore, seek and strive to reach liberty and equality by virtue of which it achieves that state, that enables it to practice free will and choice. Liberty and equality are such states without which humanity can not exist as humanity naturale. Humanics is the philosophy, that brings these into a vision whereby humanity comes to exist as humanity naturale at liberty and equality under the rule of law and in natural justice. Humanics, therefore, means the philosophy, that inspires humanity to march towards reaching that ideal state of existence where it gets to be at liberty and equality so that it can now exist as moral and ethical being in the exercise of free will or free choice by which it crafts its existence and with it, it seeks to achieve a meaning and purpose of existence.

"Humanity will continue to live an inferior life than what is possible until the two halves, women and men, with all individuals in them, are absolutely, fundamentally and jubilantly equal at liberty. Humanity, therefore, is not and can not be free until all humans are equals for only by the yardstick of this equality their state of being free can be measured. In other words, there can not exist liberty unless there exists equality between and among all humans and this state of equality can not come to exist so long there remain two groups of humans: the powerful and the powerless: whereby the former controls the later and creates, maintains and carries forward the perpetual state of inequality: economically, politically, judicially, constitutionally, socially, culturally and spiritually. To reach the state of equality and liberty, the task before humanity is, therefore, to change this state

by taking away ownership and money and, with them, the power they generate and confer, that lets one small group of humans, the powerfals, subjugating the vast multitude of humans, the powerless, under their dictatorship. For only by taking away 'the gun' of the power of the powerfals, humanity can bring about the state of liberty, as well as, equality at once: equality and liberty can not and do not exist separately but together and simultaneously. Equality and liberty exist as the Promethumean fire: in which there is the light and there is the heat in one flame: the humanion stands here on the path of humanics in human enterprise, working to establish a humanical society: a state of liberty for all humanity at equality. The Promethumean is used here where Prometheus is not seen as a man but a human. In such a humanical society all humans are, for the first time, in human history of progression, set free at liberty and at equality for there remain no powerfals, who derive their power from ownership and from their possession of money and wealth and, thus, there remain no powerless for no one has any power to dominate others under their prowess." The Humanics Elleesium Declaration 2019: The Humanicsxian Manifesto: Munayem Mayenin: ISBN: 978-0-244-76474-6: Published: April 06: 2019

But until Humanity has achieved the conditions to fully discard capitalism and put it in the archives of history of human development and begin to craft humanics, it must be brought under, run and managed by the rule of law and the absolute yardstick of that law must be that it must always serve the entire people of a country:nation and of the whole earth. Capitalism can not, as it stands, nor can it be modified to do so, so long it remains a system of money to make profits, deliver 100% employment. Never can it deliver this. Thus, societies can not 'punish' the poor and jobless people, who fill this 'basket' perpetually, for its failures and injustices, that it causes, which happen because of capitalism's poverty-paradigm, particularly, now that capitalism has been transformed into pseudonomics and this is why all over the earth capitalism delivers and enforces all high-cruelties, high-brutalities and high-barbarities to a vast majority of the populace, through poverty-wage, poverty-social security where it exists and where it does not, absolute destitution warrant. It does so by creating sociology of squalors across societies where it creates and enlarges the sociology of evil and with help of the distorteddia and dehumanisation it transforms humanity from being humanity naturale into the absolute exact opposite of it and creates zoohumanity.

And, thus, humanics is a system of public affairs management system, that comes as two distinct phases of development in which pre-humanical phase transforms, re-architectures, reshapes and re-orientates capitalism, by ending pseudonomics and creating a new universal state and government for all humanity across mother earth, whereby every single member of the humanion becomes its members and their states become part of this Body by virtue of this fact that their citizens have already joined this Body. This would be The Universal Assembly of the Humanion with its jurisdiction spreading across the Universe, the whole of the Universana and across the whole earth and across all humanity. This Body shall have its own Central Bank and Own Currency, which shall become the International Currency, with its executive, legislature, judiciary, prudential, auditing and regulatory mechanisms and this Body shall bring in the entire architectonics, architectures, mechanisms, systems, processes, frameworks, procedures and protocols to bring capitalism and the world market, the whole world's economies and the entire range of share

markets under the absolute dictate, direction, power and prowess of the rule of law so that it always serves the entire humanity as a whole across the earth and in every nation state. In this process this Body creates new humanical Building-Block Foundational Human Rights, which are:

A: Absolute Right to Live in Clean, Healthy, Safe and Natural Environment

B: Absolute Right to Breathe Natural, Fresh, Clean and Safe Air

C: Absolute Right to Necessary Nutritional Balanced Food and Drink

D: Absolute Right to Free Medical Care at the Point of Need

E: Absolute Right to an Absolute Home

F: Absolute Right to Free Degree-Level Education and Life Long Learning

G: Absolute Right to Guaranteed Social Care

H: Absolute Right to a Universal Income

I: Absolute Right to a Job

I: Absolute Right to Right to Dignified Civic and Human Funeral Paid Through Universal Income

These would end overnight all of capitalism's high-cruelties, high-brutalities and high-barbarities and within a short while the state of the human condition across the earth would be seismically different, which shall act and work to develop the prospects of humanical societies and this stage of pre-humanical or Kapitalawnomics stage would create the conditions for societies to enter and begin creating humanical societies where ownership and money are absolutely, completely and eternally eradicated so that the very ideas of ownership and money exist not and there now shall come to exist humanical societies, that are run under the political economics of human enterprise where all humanity, that are capable and willing to work will be working and everyone's needs will be met from the highest possible economic output the workforces shall produce. The pre-humanical phase of Kapitalawnomics is still run by political parties but as societies enter humanics political parties cease to exist for now every single member or citizen of every nation has the highest degree of education, learning, knowledge, wisdom, expertise, insight, competencies and skills and they all act as their own High Representatives and they are organised in running the system of public affairs management, called, humanicsovics, whereby about 50,000 people are organised as the foundational people parliament whereby all these 50,000 people join in and run and conduct the affairs of their individual people parliament. All the people parliaments are then connected together and architected in through a constitutional arrangement so that there arises the national People Parliament. Mind that it is not People's Parliament but these are people themselves organised as a parliament. Therefore, representative democracy shall enter the museums while the most empowered, the most enfranchised and the most enlightened human beings take charge of their own destiny both for singular individual and the plural or social existence under the rule of law in natural justice.

All these humanical societies shall create a grid of a humanical civilisation across Mother Earth, whereby all humanity shall now have reached liberty and equality, purpose and meaning for existence under the rule of law and in natural justice where the Universal Assembly of the Humanion becomes the flowing ocean of all humanity merging together on that grid of humanical civilisation, that is supporting, nurturing, enhancing and developing all civic and humanical

The Sacred Sanctum of Humanity Is the Individual Person of Humanity: That Becomes a Soul-Commune-Ecology of Humanity of Infinite Goodness, Expressed Through Infinite Empathy, Compassion, Faith, Hope, Love, Imagination, Ingenuity and Creativity by the Spiritual Connections, Bonds, Ties, Relations and Kinship That the Individuals of Humanity Create Together, Through Being Parts of Families, Networks of Families, Communities, Agencies and Organisations, by Which They Strive to Create Civic Society, That Creates, Nurtures, Fosters, Enhances, Enlightens, Empowers Conditions, That Are Conducive to What They Aspire to Be, Do and Create of Themselves: Being and Doing Humanity Naturale, Which Means That All Humans Are at Equality and at Liberty Under the Rule of Law in Natural Justice: Humanics

societies in that grid and humanity because it has reached liberty, equality, meaning and purpose and reached the rule of law and natural justice it now has, once again, become humanity naturale and that humanity naturale keeps on being and doing exactly that: humanity naturale on the eternal path of eternal learning, progress, development and advancement as they keep on going, being an infinity unfolding itself.

So long scenes like these where the rough sleepers, homeless, hungry and destitute souls are treated with brutal, barbaric, cruel and absolutely dehumanised, demeaning and ruthless degradation and contempt, humanity can not claim that it has learnt the 'C' of Civilisation. And the forces, groups, people and political parties, that do not see this as to how horribly, terribly, dangerously counterproductive all this is to a society and how cruel, barbaric, brutal these are to human psyche and physiology and to human progress are harming the very humanity they claim to serve. For it is like society has deliberately stabbed majority of its members with terminal blows and let them bleed, suffer in agony of pain and infection and die a lingering, slow-poisoned-death without any care being shown to them and society simply dehumanises itself so that it is able to look at all this agony, strife, pain and suffering and pretends that it does not see. But this won't be accepted by the multitude of humanity and the signs of which have been increasingly becoming more and more

[illegible]

malnutrition and countless other evils because of the poverty-paradigm of capitalism and its infinite greed for profiteering, its poverty-wage, poverty-social security and destitution-warrant to working and non-working humanity, the poorest and most vulnerable humanity of societies, that capitalism in pseudonomics is not only unsustainable but, also, it is morally repugnant and it is absolutely insupportable for it stands for nothing but enforcing all high-cruelties, high-brutalities and high-barbarities to the vast majority of humanity. We can do infinitely better: in humanics: in its two distinct phases: with pre-humanical Kapitalawnomics and the humanical phase in human enterprise and humanicsovics we can reach a state, that no humanity had ever been able to dare to imagine possible. It is possible because there is humanics. Believe and rise to stand and work for a seismic revolution to transform everything into an infinitely better a world for an infinitely better humanity in an infinitely better human condition. And, all humanity of the whole earth are one and the same unity of one ecology of infinite goodness nanocromised in our finite beings. We are one and we are an infinity unfolding itself. The whole Mother Earth's all humanicsxians unite and get to work.

Where are you the younger generations of this humanity: rise to see the fact that the dawn of humanics has dawned. It is your time to begin the dawn chorus today so that it wakes all humanity up for organising the largest feast for all humanity across Mother Earth where all individual human beings sit at the same table of the feast, all at liberty and equality, under the rule of law in natural justice, to share the bounties of Mother Nature and the joys and gifts of human works and labours in such a world where we shall have to take our children and grandchildren to history museums for them to learn about historic high-cruelties, high-brutalities and high-barbarities, that would teach them but make them terribly sad for some days by which they shall recover back and become even better humanity than we have ever been or could or might have been or ever dreamt about being or becoming.

About humanics there's much to read, far much to study; much to wonder, think, question, analyse, compare and contemplate about. Rise: Go: A Step at a Time.....

Dehumanisation of Humanity

This work is based on this fundamental

People are free because they are equal and they are equal because they are free. Without equality in existence liberty cannot exist, and without liberty in existence equality cannot either. This is the rationale, in which a new civilisation must be born to replace this uncivilised, ruthless and brutal system of so called civilisation; that is based on power, rooted in money, owning, winning and pride, that is expressed and exercised in the fiercest of competition and, that is run like an excellent machine, and that tries to put the mask of ration in the ugliest of irrationality and, that waters and nurtures inhumanity and bars all the avenues of human potentials to be-to be free and equal and to live and deny to accept a state of merely staying alive.

This Is the Body of Work, by Munayem Mayenin, That Has Brought Into Existence the Philosophy and Vision of Humanics

Dehumanisation of Humanity: Volume One: Published: July: 2007: 978-1-4477-1330-2

Mayenin worked and developed the very critique of capitalism and Marxism while at university in which he had envisioned the world's future in humanics for humanity to reach and achieve liberty and equality for all humanity, which capitalism has continually slaughtered and Marxism failed desperately, even, to understand, let alone, to know or show how to seek and achieve them. Some of these works were published in publications in the early 00s and the volume was published as a book in 2007. There are three other volumes of this planned work, yet to be published.

Humanics The Foundation: Volume One: Published: December 06: 2017: ISBN: 978-0-244-34575-4

This piece of work elaborated the philosophy of humanics and presented the idea of human enterprise and how it works to enable humanity to conduct the human economical endeavours in humanics.

Humanics The Humanicsonomics: Volume Two: Published: June 12: 2018: ISBN: 978-0-244-48334-0

This is the political economics or humanicsonomics of humanics in human enterprise. This volume presents the political economics of humanics and envisioned world's future as two distinct phases: pre-humanical or Kapitalawnomics phase in which capitalism is saved from pseudonomics and brought under the absolute and complete control and power of the rule of law so to make it serve the people at all times and not the rich and through this phase, humanity brings into existence the humanical Building-Block Foundational Human Rights and end capitalism's Poverty Paradigm, that causes all of the high-cruelties, high-brutalities and high-barbarities, that are inflicted on the vast number of humanity on this earth. Further to this, this work advances the system and mechanism of human enterprise and envisioned at the end of the development of Kapitalawnomics human societies will have developed enough to be able and equipped to try and seek to bring into existence humanical societies, that will begin to form a grid of humanical societies into a universal humanical civilisation on earth.

The Humanics Elleesium Declaration 2019: The Humanicsxian Manifesto: Published: April 06: 2019: ISBN: 978-0-244-76474-6

This short piece of work nano-summarised the entire body of Munayem Mayenin's works on humanics. This calls on the working humanity of the world to rise, organise and united under new and humanical political forces, parties and organisations to seek and try to bring about a humanical world movement to lead humanity to equality and liberty.

Humanics The Humanicsovics: Volume Three: To Be Published Later This Year

This volume presents the political philosophy of humanics and the means to deliver that political philosophy by and through humanicsovics, humanical direct form of democracy without party politics whereby each and every individual human being becomes his:her own High Representative and they all run their society's human affairs management together as individuals, working together as scientists and mathematicians without any political parties.

Alphansum Sovereign Necessarius: Published April 14: 2020: ISBN: 978-0-244-58241-8

Although, this large volume is of metaphysical work, it has brought the whole humanical universal view in a harmonious outlook, unifying all expressions, fields, areas and arenas of human existence and in this process this work elvisioned the coming into existence the new branches of science, that has already been mentioned.

Laranska The Anatomy of Fear: Novel: Published: January 2009: ISBN: 978-1-4477-1426-2

No Man's Land's Bloom: Play: Published: May 2010: ISBN: 978-1-4477-0903-9

United Colours of Blood: Screenplay: Published: January 2009: ISBN: 978-1-4477-1615-0

Larantia Poetry of Anatophysiosophicamonimayareginata: A Magnum of a Planned Volume of 850 Sonnets About All Branches of Medicine: Currently Having Few Hundred Sonnets: First Published: October 14, 2016: ISBN: 978-1-326-28882-2

In his other major bodies of works, that are yet to be published Mayenin has worked on further in elaborating the psychology and social psychology of the zoohumanity, that capitalism and all the dehumanisations it has inflicted on humanity through its enforcement of inequality and the absence of liberty. These as yet unpublished works include: Psychology of Zoohuman, Humanical Jurisprudence, Sociology of Evil, Economics of Squalors: The High-Cruelties High-Brutalities and High-Barbarities of Capitalism, Humanical Moral Science, Social Morality Or Good State, Humanical Civilisation: A Universal Grid of Humanical Societies and Colossus Complexus: Eternally Learning Humanity.

Dear Reader, we are on the path of humanics, please, tell the world and world humanity that humanics has arrived on earth from 'the without of human imagination', learning, questioning and thoughts, gained from the eternal walks of this human soul's eternal journey on the eternal path of eternal learning, with its humanical metaphysics, humanical philosophy as natural science, humanical psychology, humanical political philosophy, humanical political economics, humanical jurisprudence, humanical sociology, humanical moral science and humanical arealism. For capitalism has created global warming and climate change and wracked the earth with environmental degradations and pollutions in all spheres, where bio-diversity is getting lost at an alarming rate as the earth keeps on being heated up. Humanity is devastated by capitalism's poverty-paradigm, delivering all its high-cruelties, high-brutalities and high-barbarities. This is why it is paramount that that we speak up and out and try our hardest to inspire faith, hope, determination and resolution among all humanity of this world, women and men, that

we shall not just accept this 'sentence of doom', that capitalism's mindless consumerism, infinite greed of infinite profiteering, decadent voguism and venomous voyeurism, orchestrated by the Distorteddia have brought us and, yet, that we can, we should, we ought, we must keep on trying: 'to seek to try: to do: to change: to make better the human condition' and we do so as one humanity, as women and men, working together as one, in unison with the same aim, same goal, same objective: to get all humanity to liberty, equality, fairness and justice in the rule of law in natural justice, with a purpose and meaning to our existence, where we all humanity, with our all-unity and all-diversity, exist as one humanity naturale on one Mother Earth, in one Sunnara, in one Home Bay Milky Way Galaxy in the one Universana with the humanical foundation of faith: humanity is an infinity unfolding itself, in which, we are all-for-one and one-for-all.
