Most of humanity did not, even, know that humanity was getting ready to go to the Moon, most of humanity did not, even, know who Karl Marx was, let alone the fact that, being persecuted out of his motherland Germany into England, he had written and published his Das Kapital in German, that will take a long while to get translated into the world languages, most did not, even, hear of Mao, let alone his Long March or the fact that the Bolsheviks were about to bring about the October Revolution in Russia nor did many know anything about the French Revolution when it happened: not many knew much about America, let alone the fact that it was fighting its War of Independence.

Not many knew that human genome had been discovered. Even, today, not many would, actually, know who Gregory Mendel was or what he did. Nor many knew that there was such a thing as computer, that had come about. It took a lone King to begin his epic work to try and seek to rectify the evils of human self-loathing or racism in America and not many in the world knew or heard of him when he was doing that vital work nor did the world get to know much about the early days when a young lawyer, named, Nelson Mandela, set out on the path of burying the self-loathing racist evils of apartheid in South Africa.

Not many of the humanity heard or, even now, know about a Katherine Johnson, who had worked out the entire mathematics of the whole trajectory of the Apollo Mission by her simple and only natural instrument, her own head. Not many heard the name, let alone, read her work, Hannah Arendt. The point
is simply this: the vast majority of humanity do not begin a revolution but a tiny, tiny part of it begins that longest, hardest, most arduous, most difficult and most challenging of tasks and their courageous, visionary and revolutionary commitment, dedication, resolve and determination take the message out and onward to the wider humanity and, gradually, day by day, drop by drop, brick by brick, plank by plank, stride by stride, the course of a revolution take shape and more and more human souls join that walk and this is how human progress has always been attempted and achieved.

And, in this, never, ever, has there been a case where the established voices, platforms, agencies and organisations of many kinds either initiated or supported such progressive revolutionary endeavours. No. Not a single one of them. Not once. Yes, Regine Group of Publications are not part of any large conglomerate body nor is it owned by anyone and, we do not, surely, have much but we have taken that long path to humanics and we shall keep on going and calling on all humanity to take up the philosophy, vision, imagination, faith and hope of humanics to see all humanity reach liberty and equality and live as all-for-one and one-for-all. Humanics to discard capitalism and replace its horrors by eradicating ownership altogether and money, money’s powers, prowess and hold. Ownership is discarded and replaced by belongingship where the entire Mother Earth and the entire Mother Universana now belong to all humanity equally and under the law at all times and all human economic endeavours are organised under human enterprise and all human public affairs management is organised under a humanical direct form of democracy, humanicsovics, where all individual humans work and organise themselves together as being their own High-Representatives and run everything without party politics manipulating anything. That brings into existence liberty and equality for all where human existences have purpose and meaning attached to them where all humans exist in the high-principle of all-for-one and one-for-all as one and the same unity of humanity as one humanion of humanity on Earth and on the Universana.

A whole range of the status-quo of all things in the manner and form of agencies and organisations with large money of this world are deeply drowned in the pigsty of capitalism, trying to profiteer and rob more and more money from the working-humanity-created worth and values to ‘consume and enjoy’ as much as possible, the mud and decrepitude of money’s powers and prowess while ensuring the vast majority of humanity suffer the resultant of capitalism’s
poverty-paradigm and all its poverty-wage, poverty-benefit, lack of any social security and all its high-cruelties, high-barbarities and high-brutalities. They are not going to lift a finger to change anything. In fact, we can be infinitely certain that they all, as always, forever, will stand against and united in opposing such revolutionary endeavours and unite in 'investing' parts of their wealth in seeking to stop any such revolutionary efforts or initiatives. It is up to each one of us to make a choice and go and work for such change, that we have chosen. Humanics is no plastic surgery but monumental, foundational and seismic change, such change had never been attempted by humanity in the history of human development. And, it is possible: the world and world humanity have all the necessary texts on humanics out there in print for their perusal to see and assess how that all are and can be possible and how and why this is absolutely inevitable for human development to follow on the path of humanical existence in humanical societies in a grid of humanical civilisation spread across the Earth, bringing all humanity in a state of liberty and equality.

Support Regine Humanics Foundation Ltd, a not for profit social enterprise, no one makes or takes profit out of it, not because it is fashionable and cool today but because it is the future of this suffering humanity should we choose to believe that humanity is an infinity unfolding itself and we can, we should, we ought, we must change this rotten state of a hellish human condition of ever-going suffering, agony, pain and hardship for the vast majority of humanity across the earth and create an infinitely better human condition for all humanity. Yes, they had killed Che Guevara alright when he was a revolutionary; but now, they make money selling t-shirts with his image printed on them and, rucksacks, too! That is the irony of capitalism.

Support Regine Humanics Foundation Ltd because humanics is the home of our future humanity as one-for-all and all-for-one. Humanics is elvisioned as two distinct phases of development in which in the pre-humanical phase humanity will reconstruct, re-architecture and re-caste capitalism and transform it into Kapitalawnomics, bringing it under the absolute and complete power and prowess of the rule of law and in the process initiate and establish the humanical Building-Block Foundational Human Rights, that shall eradicate and end all of capitalism’s high-cruelties, high-barbarities and high-brutalities overnight. Dear Reader, imagine how the human condition would be like when these rights are brought into existence:
A: Absolute Right to Live in Clean, Healthy, Safe and Natural Environment
B: Absolute Right to Breathe Natural, Fresh, Clean and Safe Air
C: Absolute Right to Necessary Nutritional Balanced Food and Drink
D: Absolute Right to Free Medical Care at the Point of Need
E: Absolute Right to an Absolute Home
F: Absolute Right to Free Degree-Level Education and Life Long Learning
G: Absolute Right to Guaranteed Social Care
H: Absolute Right to a Universal Income
I: Absolute Right to a Job
J: Absolute Right to Dignified Civic and Human Funeral Paid Through by Universal Income

And this phase will develop the conditions for humanity to be able and equipped so to reach a state and stage of development to, finally, discard, even, Kapitalawnomics and initiate and create humanical societies. There ends ownership and money and all the horrors these created and enforced over the suffering humanity for so long. Humanical societies across the earth will join together in a universal grid of a humanical civilisation on earth and that grid is led by the Universal State of the entire humanion under the rule of law and in natural justice where all states, nations and peoples are treated as all individual human are treated with all others: all having the equal worth, standing, value, dignity, right, respect and sanctity of life and existence. Humanionhood of each individual humanity would be deemed and treated as extending into the organisational forms of families, networks of families, communities, agencies and organisations, societies, states, governments, nations and peoples.

Humanics was not born yesterday or today. It was born the day the Thinker, who would spend his entire existence learning and developing it, was born, in the sixties. Humanics was developed in its entire basis, form, architecture and foundation fully in the decade of the eighties. But all these years, these decades, it has not gone away but kept on growing and it shall keep on going and growing. Why would it? Because in capitalism humanity says, "I can not breathe", a dying, violated and extra-judicially killed, black young man’s last words, that is now echoing and raging through America, where in among those protesters, one puts it so beautifully in a placard: "Capitalism = Looting.”

That looting is the robbery of the worth and values of the working humanity, which is what creates, distributes and enforces poverty of all kinds in all
spheres of existence in capitalism. This is why humanics is not going to go away: capitalism shall have to be discarded for the future of this dysfunctional world and the future of this suffering humanity in this hellish human condition are in humanics, freeing the entire humankind into liberty and equality under the rule of law in natural justice in a humanical way of existence because in capitalism: We can not breathe. And, when we can not breathe, should we, ought we, must we, rise to fight to live and exist as free and as equals because only there, being at liberty and in equality, can, we humanity, breathe, live, exist and do as humanity naturale. We can only invite for your support and it is up to you to choose whether to do so or not. Support Regine Humanics Foundation Ltd.

**This Is the Body of Work, by Munayem Mayenin, That Has Brought Into Existence Philosophy and Vision of Humanics**

**Dehumanisation of Humanity: Volume One: Published: July: 2007: 978-1-4477-1330-2**

Mayenin worked and developed the very critique of capitalism and Marxism while at university in which he had elvisioned the world’s future in humanics for humanity to reach and achieve liberty and equality for all humanity, which capitalism has continually slaughtered and Marxism failed desperately, even, to understand, let alone, to know or show how to seek and achieve them. Some of these works were published in publications in the early 00s and the volume was published as a book in 2007. There are three other volumes of this planned work, yet to be published.

**Humanics The Foundation: Volume One: Published: December 06: 2017: ISBN: 978-0-244-34575-4**

This piece of work elaborated the philosophy of humanics and presented the idea of human enterprise and how it works to enable humanity to conduct the human economical endeavours in humanics.

**Humanics The Humanicsonomics: Volume Two: Published: June 12: 2018: ISBN: 978-0-244-48334-0**

This is the political economics or humanicsonomics of humanics in human enterprise. This volume presents the political economics of humanics and
elvisioned world’s future as two distinct phases: pre-humanical or Kapitalawnomics phase in which capitalism is saved from pseudonomics and brought under the absolute and complete control and power of the rule of law so to make it serve the people at all times and not the rich and through this phase, humanity brings into existence the humanical Building-Block Foundational Human Rights and end capitalism’s Poverty Paradigm, that causes all of the high-cruelties, high-brutalities and high-barbarities, that are inflicted on the vast number of humanity on this earth. Further to this, this work advances the system and mechanism of human enterprise and elvisioned at the end of the development of Kapitalawnomics human societies will have developed enough to be able and equipped to try and seek to bring into existence humanical societies, that will begin to form a grid of humanical societies into a universal humanical civilisation on earth.

This short piece of work nano-summarised the entire body of Munayem Mayenin’s works on humanics. This calls on the working humanity of the world to rise, organise and united under new and humanical political forces, parties and organisations to seek and try to bring about a humanical world movement to lead humanity to equality and liberty.

**Humanics The Humanicsovics: Volume Three: To Be Published Later This Year**

This volume presents the political philosophy of humanics and the means to deliver that political philosophy by and through humanicsovics, humanical direct form of democracy without party politics whereby each and every individual human being becomes his:her own High Representative and they all run their society’s human affairs management together as individuals, working together as scientists and mathematicians without any political parties.

**Alphansum Sovereign Necessarius: Published April 14: 2020: ISBN: 978-0-244-58241-8**

Although, this large volume is of metaphysical work, it has brought the whole humanical universal view in a harmonious outlook, unifying all expressions, fields, areas and arenas of human existence and in this process this work
elvisioned the coming into existence the new branches of science, that has already been mentioned.

In his other major bodies of works, that are yet to be published Mayenin has worked on further in elaborating the psychology and social psychology of the zoohumanity, that capitalism and all the dehumanisations it has inflicted on humanity through its enforcement of inequality and the absence of liberty. These as yet unpublished works include: Psychology of Zoohuman, Humanical Jurisprudence, Sociology of Evil, Economics of Squalors: The High-Cruelties High-Brutalities and High-Barbarities of Capitalism, Humanical Moral Science, Social Morality Or Good State, Humanical Civilisation: A Universal Grid of Humanical Societies and Colossus Complexus: Eternally Learning Humanity.

Humanity Will Continue to Live an Inferior Life Than What is Possible Until the Two Halves, Women and Men, with All Individuals in Them, are Absolutely, Fundamentally and Jubilantly Equal at Liberty. Humanity, Therefore, Is Not and Can Not Be Free Until All Humans are Equals for Only by the Yardstick of This Equality Their State of Being Free Can Be Measured. In Other Words, There Can Not Exist Liberty Unless There Exists Equality Between and Among All Humans and This State of Equality Can Not Come to Exist So Long There Remain Two Groups of Humans: The Powerful and The Powerless: Whereby the Former Controls the Later and Creates, Maintains and Carries Forward the Perpetual State of Inequality: Economically, Politically, Judicially, Constitutionally, Socially, Culturally and Spiritually. To Reach the State of Equality and Liberty, the Task Before Humanity is, Therefore, to Change This State by Taking Away Ownership and Money and, with Them, the Power They Generate and Confer, That Lets One Small Group of Humans, The Powerfuls, Subjugating the Vast Multitude of Humans, The Powerless, Under Their Dictatorship. For Only by Taking Away 'the Gun' of the Power of the Powerfuls, Humanity Can Bring About the State of Liberty, as Well as, Equality at Once: Equality and Liberty Can Not and Do Not Exist Separately But Together and Simultaneously. Equality and Liberty Exist as The Promethumean Fire: In Which There is the Light and There is the Heat in One Flame: The Humanion Stands Here on the Path of Humanics: A State of Liberty for All Humanity at Equality. The world has, apparently, accepted that Capitalism is the High Pinnacle of All Systems and, some still dream that Marxism will rescue humanity from this Killing Mechanism Capitalism, we refuse to subscribe to that. Humanics is the Post-Marxist and Post-Capitalistic World View of What Humanity can be and what it can do and how infinitely better a human condition can be created in a Humanical Society, by eradicating ownership and money and by establishing belongingship in human enterprise, setting all humans at liberty and equality
under the rule of law in natural justice with a direct form of democracy, humanics calls it, Humanicsovics, in which, each human soul is her:his own High Representative. In this, Humanics is the Minority Vision and we do not and can not expect millions and billions of people supporting our vision today but We Whole-Heartedly Believe That ONE DAY This Humanity Shall BE ALL HUMANICAL: By When: We Know Not But This: That Being a Monstrous Killing Mechanism Capitalism IS Unsustainable: The World Shall Change One Day and Every Change Begins with an Idea, with a Vision:
